

Executive Biography

Catherine Hughes

Vice President, Services Operations

In her role as vice president, service operations, Cathy Hughes leads SolArc's implementation and training services teams. These teams are responsible for all customer product implementations, as well as SolArc customer and partner training on SolArc's integrated software platform.

Hughes works with a variety of SolArc staff members and independent consultants to provide each customer with the combination of skills and expertise needed to make their project a success. Since she joined SolArc in 2002, Hughes has served in various roles including leading the professional services and software development groups.

Prior to joining SolArc, Hughes gained management experience working at Ernst & Young LLP, where she provided strategic and innovative business solutions for Fortune 500 companies. Hughes was also a practice director with Cerner Corporation, where she was responsible for a number of key customer accounts.

Hughes received a bachelor's degree in economics, English and management from Rice University in Houston.
